Hi Marc,

This mustve gotten stalled somewhere in the process as our previous EU lead had initiated the request. I've alerted our current EU lead and she's indicated she will follow up. We still need your support.

Thanks.

Subject: Ecorisk support?

Hi Wendy,

I hope you, Dan and Deb are managing the stress OK. I know it's a very tough environment to work, let alone think within. I'm working on staffing availabilities for the next few weeks. We spoke earlier this week about the Region requesting risk assessment support, through the ICS (213 RR), for support by David Charters and/or Mark Sprenger. Could you let me know if that is still a need? They have not heard anything and I have not seen any requests for them. We are happy to support you as best we can.

Thanks,

Marc
